

Kentwood Office Furniture is the Mid West's premier specialist in high quality re-manufactured, used, and new office furniture. Since 1976, we have been passionate about providing the best selection and lowest prices on environmentally sustainable office furniture. At Kentwood, we believe that you can go green, make your people productive, and meet your budget.

...affordable systems for budget-minded companies...

Choose Kentwood Fundamentals to save some money, get great looking workstations, and make your employees productive. The Kentwood Fundamentals line offers fully remanufactured Herman Miller Action Office 2 panel systems at significant savings. You have the freedom to select from 4 fabrics, 3 paint colors, and 3 trim (raceway and edge band) colors to create custom workstations at a great value.

**remanufactured
lowest price**

Need It Now?

Kentwood's Fundamentals Express line is in-stock and available next day. Offered in a neutral palette, and a variety of sizes and configurations, this line meets time and budget constraints. Contact us for additional information on this program.

Need More Finish Options?

Want to spice up your workstations with an exciting tackboard or flipper door? Don't see the fabric or laminate color you want? Kentwood offers hundreds of other fabric and laminate choices for you to have complete design freedom for a nominal increase in price.

Remanufactured - A Smart Choice

Remanufactured office furniture gives you all the style and function of new furniture, at a fraction of the cost. Plus, you'll help preserve our natural resources and sustain the environment. Delivered in as little as two weeks - remanufactured office furniture makes sense for your business! Since 1976, Kentwood Office Furniture has been the recognized leader in the remanufacturing industry. In our 30 years of experience, we have streamlined our processes to delivery the highest quality product. The end result is office furniture that meets Original Equipment Manufacturer (OEM) specifications at half the cost of new!
